

## GET INVOLVED

Parent and community involvement is critical to the success of our Creative Learning initiative. Please share your own talents with students as they work on various projects throughout the year. Consider joining us in any of the following capacities.

### ***Guest Speaker, Mentor, or Volunteer***

Help our students reach new heights in various fields of study. Contact the *Creative Learning Resource Educator* at your respective school(s) to set up a date and time to visit and share your real-world expertise with our talented youth.

### ***P.O.E.T.S. Group***

Consider joining our parent organization called P.O.E.T.S. (Parents of Exceptionally Talented Students). Meetings are held in the evenings over the course of the school year and help guide future Creative Learning programming. Please contact Joan Follo, Director of Curriculum and Instruction, for more information. [jfollo@northbranfordschools.org](mailto:jfollo@northbranfordschools.org)
